Subject: Letter to EPA regarding RS dates

Dear Sir or Madam,  
Attached to this note are three letters to inform the EPA that some of our planned HPV program submittals have been delayed. DuPont will submit the HPV Robust Summaries and Test Plans for a total of seven chemicals in the year 2004 rather than in the year 2003 as originally proposed in our HPV commitment. Our seven chemicals include one individual chemical and six chemicals in two categories. Please call me if you have any questions.  
Best Regards,  
Ed Mongan
